1MC4A4NM5: automatic cellulose bobbin HR

international flame / black

TECHNICAL SPECIFICATIONS

Inherent buoyancy in excess of 70 Newton / Protects against cold water shock and hypothermia / Fully waterproof / SOLAS/IMO approved retroreflective tape / High-tenacity reinforcement to front legs and seat / Insulated hood to fit over large safety helmets / Possibility to increase thermal protection as well as the buoyancy by combining with thermal floatation liner (art. IMC6) / Incorporates an inflatable 275N life jacket approved to CE standard EN 399 / Extra high-tenacity reinforcement to front torso

OPTIONAL:

Neoprene wrist and ankle seals to make a semi-dry suit
